

18th of May 2017, 10:00– 15:20, Stockholm, Sweden

Venue: Näringsdepartementet (Ministry of Enterprise and Innovation), Mäster Samuelsgatan 70
Please assemble in the foyer at 9:45 bringing your passport or ID card.

This workshop will paint a colourful picture of present and future urban-rural development in the BSR by describing:

- a) The Present Cooperative Exchange between Cities and their Surrounding Countryside
- b) Normative Ideas on How Smart Urban-Rural Relations Should Be Further Developed
- c) Options to Use Digitalisation, IoT and Other Smart Connected Solutions to Achieve Such a Desired Development

There will be three sections of presentations, reflecting various aspects on sustainable urban-rural development:

- a) Environmental Improvements (The Rurban Link – Towards Resilient and Sustainable Rural-Urban Systems; Urban Architecture Embracing the Rural Countryside)
- b) Social Life Qualities (Housing in Rural Areas; Rostock Regiopolis Region – Interaction and Cooperation between City and Region)
- c) Economic Progress (Territorial Monitoring and State of the Digital Region; Sharing Economy)
