Increased knowledge in MSP BASEMAPS

Liene Gaujeniete, VASAB Secretariat

On behalf of HELCOM

The final event of Capacity4MSP | 9 March 2022

Option 2 ...this is now a reality and it's safer...

What is BASEMAPS?
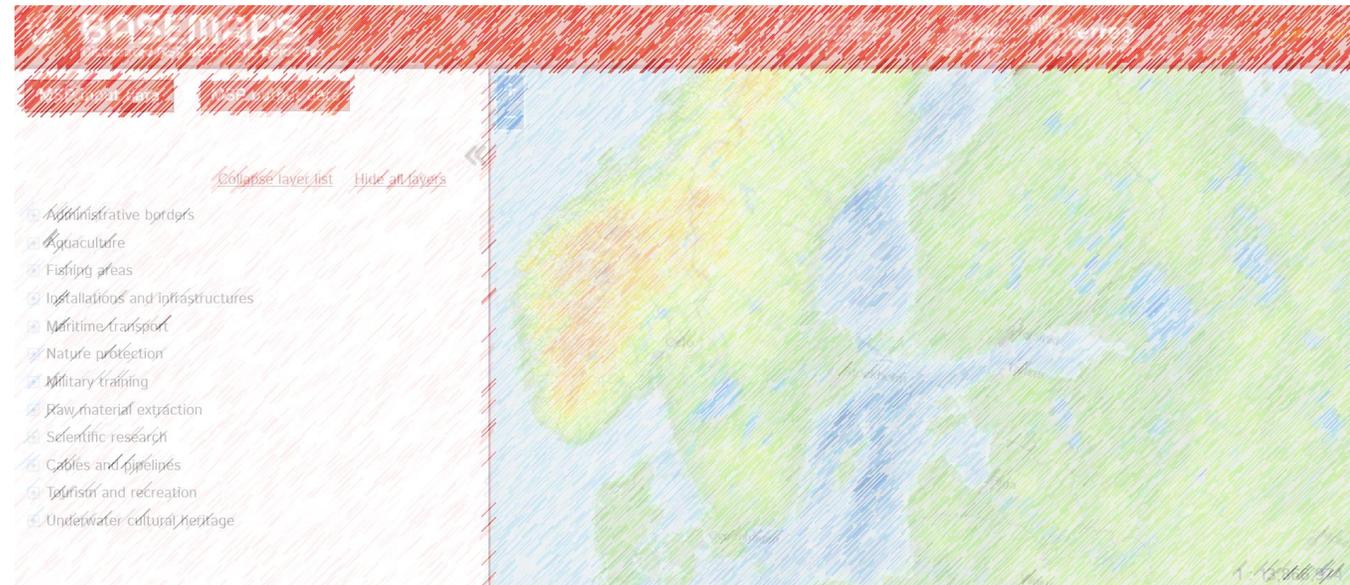

The service contains two sections:

- MSP Input data (data for plans)
- MSP Output data (harmonized plans according the *Guidelines on transboundary MSP output data structure in the Baltic Sea*)

- Reference group: BSR MSP Data Expert Sub-group

CAPACITY4MSP

Target audience:
- planners
- data providers
- authorities dealing with MSP in the Baltic Sea
- other MSP stakeholders

3

BASEMAPS in CAPACITY4MSP
