

城市规划

Urban Planning

对于霍华德来说，花园城市应与其他任何城市空间以绿地相隔，这些绿地设施包括：公用草地、儿童和病人、诊所、工业学校、农庄、乡村和农田等。

For Howard, garden cities should be separated from any other urban areas by green spaces, including: communal grasslands, playgrounds for children and patients, clinics, industrial schools, farms, rural houses and cultivated fields.
